RE: Mississippi Flood Map Modernization Initiative
Choctaw County Follow-Up Scoping Meeting

The Mississippi Flood Map Modernization Initiative coordination team will conduct its follow-up 'scoping meeting' with Choctaw County, Ackerman, French Camp, and Weir on September 23, 2004 at 2:00 PM. This meeting will take place in the Choctaw County Courthouse, Board Room, on the first floor. The physical address is 112 Quinn Street, Ackerman, Mississippi 39735.

The purpose of this meeting is to review the previous input received from Choctaw County and the incorporated communities within its boundaries. This review will ensure that the new maps will adequately address the communities' identified priority mapping areas.

We look forward to working with you and your staff to provide a superior flood hazard risk map for your citizens. A better map will lead to better floodplain management within your community. If you have any questions, please contact me at 601-366-6325 or through the agency web page at <http://www.msema.org/nfip/nfip.htm>.
