February 23, 2007

**MEMORANDUM**

**TO:** Community Executive Officer / Local Floodplain Administrator

**FROM:** Al W. Goodman, Jr., CFM  
NFIP State Coordinator / FPM Bureau Director

**RE:** **Warren County ‘Flood Risk Open House’**

The Mississippi Flood Map Modernization Initiative Team (MEMA, MDEQ, and MGI, LLC) will conduct a final coordination meeting with officials from Warren County and the city of Vicksburg on March 13, 2007 at 4:00 PM.

On February 8, 2007, we mailed you a copy of the preliminary Flood Insurance Study (FIS) and a copy of the Flood Insurance Rate Map (FIRM), which identified the flood risk in Warren County and the city of Vicksburg. An important and necessary component of this process is to offer an opportunity for you, your local officials, and your citizens to preview the FIS and FIRM. This allows feedback and concerns regarding flood risk management and mitigation. Working with the Warren County EMA office, we have scheduled the following two meetings, the first to be attended by local officials, and the second being open to the general public.

**Warren Co. Local Official’s Meeting**

When: Tuesday, March 13, 2007  
Time: 4:00 PM  
Where: County Courthouse, 3<sup>rd</sup> Floor  
1009 Cherry Street  
Vicksburg, MS 39183

**Warren Co. Flood Risk Open House**

When: Tuesday, March 13, 2007  
When: 5:00 PM to 7:00 PM  
Where: County Courthouse, 3<sup>rd</sup> Floor  
1009 Cherry Street  
Vicksburg, MS 39183

Our staff will be able to address FIRM, NFIP, or any other questions regarding flood protection and mitigation. We also encourage your floodplain, building and zoning, and engineering staff to attend as an opportunity to provide information on your local flood development permit requirements and ordinance, and other requirements within your community. In addition, we have extended an invitation to local insurance agents from your community who may wish to use this venue to provide insurance information and outreach to your community related to the National Flood Insurance Program (NFIP).

This “Open House” will be of particular interest to those living in or near Special Flood Hazard Areas, as well as realtors, insurance agents, developers, representatives of lending institutions, and members of the local media. We request that you publicize this event utilizing whatever means you deem necessary to reach this target audience, such as your local newspaper, local libraries, post offices, community websites, local television stations, or any other relevant organizations.

As a reminder, participation in the NFIP will require that your community adopt the new FIRM into a local flood damage prevention ordinance by the date when the FIRM goes into effect. We strongly encourage your community’s participation in these two meetings, for they will provide an opportunity for you and your staff to thoroughly review the preliminary FIS and FIRM and bring to the table any questions or concerns prior to your formal adoption process.

Thank you for your time and participation in this process, and we look forward to our continued collaboration. If you have any questions before March 13<sup>th</sup>, please contact me via e-mail at [agoodman@mema.ms.gov](mailto:agoodman@mema.ms.gov).

Enclosure: Sample Press Release

## **Warren County “Flood Risk Open House” Scheduled**

General public provided opportunity to find out more about floodplain management in their community.

Representatives from the Mississippi Flood Map Modernization Initiative Team (MEMA, MDEQ, and MGI, LLC) will be conducting a Flood Risk Open House on Tuesday, March 13<sup>th</sup> from 5:00 PM to 7:00 PM at the County Courthouse in Vicksburg. This Open House will provide the public with an opportunity to review a recently completed preliminary Flood Insurance Study (FIS) and its accompanying preliminary Flood Insurance Rate Maps (FIRMs) that include base flood information and identification of areas subject to flood hazards within the county.

The Open House will be staffed with representatives from various local, state, and federal agencies, to provide you the most current information about flood risk, flood insurance, floodplain development requirements, and the process for floodplain mapping within Warren County and the city of Vicksburg. Once the preliminary FIRMs become effective, these maps will be used by floodplain permit officials, builders and developers, lenders, realtors, insurance agents, and the general public to determine flood risk.

Property owners, realtors, lenders, and insurance agents are encouraged to attend and take advantage of this opportunity to learn more about flood risk and hazard mitigation within your community.
