RE: Mississippi Flood Map Modernization Initiative
Warren County Follow-Up Scoping Meeting

The Mississippi Flood Map Modernization Initiative coordination team will conduct its follow-up 'scoping meeting' with Warren County and the city of Vicksburg on September 16, 2004 at 2:00 PM. This meeting will take place in the Warren County Civil Defense Conference Room. The address is 1009 Cherry Street, Vicksburg, MS 39181.

The purpose of this meeting is to review the previous input received from Warren County and Vicksburg. This review will ensure that the new maps will adequately address the communities' identified priority mapping areas.

We look forward to working with you and your staff to provide a superior flood hazard risk map for your citizens. A better map will lead to better floodplain management within your community. If you have any questions, please contact me at 601-366-6325 or through the agency web page at <http://www.msema.org/nfip/nfip.htm>.
