NOTES TO USERS

This map is for use in administering the National Flood Insurance Program. It does not relate to the Federal Emergency Management Agency's activities for developing maps for other purposes, including floodplain management purposes, or for regulatory purposes.

Special Flood Hazard Areas (SFHAs) on this map are subject to inundation by a 1% annual chance flood. The 1% annual chance flood, also known as the "flood of record," is the flood that has a 1-in-100 chance of being equaled or exceeded in any given year. This flood is also known as the base flood. This map shows the 1% annual chance floodplain and the 1% annual chance flood elevation.

The FIRM is a product of the Federal Emergency Management Agency (FEMA). It contains no data that is not officially confirmed. This FIRM explains the characteristics of the Special Flood Hazard Areas in accordance with the National Flood Insurance Program requirements. It is used as a base for flood insurance and floodplain management decisions.

For more information on floodplain management and flood insurance, contact your local flood insurance adjuster or call the Federal Emergency Management Agency at 1-800-358-9616.

LEGEND

FIRM FLOOD INSURANCE RATE MAP ATTALA COUNTY, MISSISSIPPI AND INCORPORATED AREAS PANEL 180 OF 325 (see last page for remaining panels)

NOTE: MAP AREA SHOWN ON THIS PANEL IS LOCATED WITHIN TOWNSHIP 14 NORTH, RANGE 7 EAST AND TOWNSHIP 14 NORTH, RANGE 8 EAST.

The base flood elevation (BFE) is the water-surface elevation of the 1% annual chance flood. The BFE is used to determine the flood insurance premium. The BFE is also used to determine the floodplain management requirements for new construction and existing structures.

The flood insurance premium is determined by the risk of flooding and the floodplain management requirements. The flood insurance premium is determined by the BFE and the floodplain management requirements.

For more information on flood insurance and floodplain management, contact your local flood insurance adjuster or call the Federal Emergency Management Agency at 1-800-358-9616.
