- To determine if a property is affected by the 1% annual chance flood, the property owner should contact a licensed surveyor. A surveyor will determine elevation information by using a modern device known as a surveying total station. It is illegal to alter or change base flood elevations established by the Flood Insurance Study (FIS) report that accompanies this Flood Insurance Rate Map (FIRM). For additional information concerning the NFIP, please contact the National Flood Insurance Program at 1-800-368-3785 (Voice) or 1-800-424-8802 (TDD/TTY for hearing impaired).
