NOTES TO USERS

The map was produced through the Mississippi Flood Modernization Initiative, a program of the National Flood Insurance Program. It is not intended for engineering or legal purposes. Freedom from liability is disclaimed by any Federal government entity in connection with this product.

For more detailed information in areas with Base Flood Elevations, (BFE) consult your local community’s Floodplain Administrator to verify the accuracy of the information shown on this map. The Federal Emergency Management Agency (FEMA) has determined Base Flood Elevations (BFE) for this area and has indicated the general areas of floodplain inundation and floodway boundaries as determined from aerial photography and other available data.

For additional flood hazard information, visit the National Flood Insurance Program (NFIP) website at http://www.fema.gov.

For information about flood insurance, contact your insurance agent or call 1-877-FEMA MAP (1-877-336-2627) or visit its website at http://www.fema.gov.
