### Community Name | County | State | Map Date
--- | --- | --- | ---
Belzoni, City of | Humphreys | Mississippi | April 14, 1978
Silver City, Town of | LeFlore | Mississippi | April 14, 1978
Louise, Town of | Humphreys | Mississippi | April 14, 1978
Isola, Town of | Humphreys | Mississippi | April 14, 1978

**NOTE TO USERS**

FEMA maintains information about map features, such as street locations and names, in or near designated flood hazard areas. Requests to revise information on or near designated flood hazard areas may be provided to FEMA during the community review period, at the final Consultation Coordination Officer's meeting, or during the statutory 90-day appeal period. Approved requests for changes will be shown on the final printed FIRM.

Future revisions to this FIRM Index will only be issued to communities that are located on FIRM panels being revised. This FIRM Index serves as a record of the flood hazard areas established by a FIRM revision that may affect the community's rates if a flood insurance policy is in effect before the effective date of the FIRM that contains the revised flood hazard information. The future FIRM Index(es) will be printed only as necessary, and will be available directly from the Map Service Center at the current map date for each community.

These may be obtained directly from the Map Service Center. Communities annexing land on adjacent FIRM panels must obtain a current copy of the adjacent panel as well as the current FIRM Index. These may be obtained directly from the Map Service Center at the current map date for each community.

Future revisions to this FIRM Index will only be issued to communities that are located on FIRM panels being revised. This FIRM Index serves as a record of the flood hazard areas established by a FIRM revision that may affect the community's rates if a flood insurance policy is in effect before the effective date of the FIRM that contains the revised flood hazard information. The future FIRM Index(es) will be printed only as necessary, and will be available directly from the Map Service Center at the current map date for each community.
