NOTES TO USERS

This map is used to administer the National Flood Insurance Program. It shows the community floodplain based on flood surveys conducted by the Federal Emergency Management Agency (FEMA). The floodplain information is subject to change based on new survey information or updated scientific research.

LEGEND

FIRM FLOOD INSURANCE RATE MAP LEE COUNTY, MISSISSIPPI AND INCORPORATED AREAS

The community floodplain is depicted on this map. Areas above the flood plain are considered to be outside the flood plain and are not subject to flood insurance requirements. Areas within the flood plain are subject to flood insurance requirements.

COASTAL HAZARD ZONES (CHZ)

COASTAL FLOOD ZONES (CFZ)

The National Flood Insurance Program (FIP) provides protection against the financial losses caused by coastal flooding. This map identifies the coastal flood zones and the Base Flood Elevations (BFE) within each zone. The BFE is the water-surface elevation of the 1% chance of being equaled or exceeded in any given year. The Base Flood Elevation is the water-surface elevation of the 1% annual chance flood. The Special Flood Hazard Area (SFHA) is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

BASE FLOOD ELEVATION LINE AND VALUE

The Base Flood Elevation line and value, elevation in feet, shown on this map are based on the best data available at the time of the flood survey. The Base Flood Elevation is the water-surface elevation of the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE A

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE X

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE D

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AH

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AO

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE A99

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE V

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE VE

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

NOTE: MAP AREA SHOWN ON THIS PANEL IS LOCATED WITHIN

The Special Flood Hazard Area is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE D

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AH

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AO

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE A99

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE V

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE VE

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

NOTE: MAP AREA SHOWN ON THIS PANEL IS LOCATED WITHIN

The Special Flood Hazard Area is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE D

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AH

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AO

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE A99

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE V

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE VE

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

NOTE: MAP AREA SHOWN ON THIS PANEL IS LOCATED WITHIN

The Special Flood Hazard Area is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE D

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AH

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE AO

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE A99

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE V

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE VE

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

NOTE: MAP AREA SHOWN ON THIS PANEL IS LOCATED WITHIN

The Special Flood Hazard Area is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.

ZONE D

The SFHA is the area that is subject to the 1% annual chance flood. The SFHA is the area that is subject to the 1% annual chance flood and is located within the coastal flood zones.
