NOTES TO USERS

This map is for use by the Federal Emergency Management Agency (FEMA) and the Mississippi Geological Survey and does not necessarily reflect the current flood damage potential of the area. The map is a product of the National Flood Insurance Program and is intended to assist communities in preparing flood insurance and floodplain management programs. The map is based on information available at the time of its preparation and reflects general topography, land use, and the extent of floodplain areas. It is not intended to be used for flood hazard or flood risk assessment.

To determine if flood insurance is available in this community, contact your insurance agent or call the Federal Emergency Management Agency at 1-800-358-9620. To obtain current elevation, description, and/or location information for the points of the 1% annual chance flood (100-year flood), also known as the base flood, contact the Information Services Branch of the National Geodetic Survey at the following address:

NGS Information Services
12200 Parklawn Drive
Rockville, MD 20852
(301) 713-3242

The 1% annual chance (100-year) floodplain extends beyond the limits of the community shown on this map. Check with your local floodplain management officials to determine the floodplain that extends beyond the limits of the community shown on this map.

To determine if flood insurance is available in this community, contact your insurance agent or call 1-800-358-9620.

To obtain current elevation, description and location information, contact the Information Services Branch of the National Geodetic Survey at the following address:
