NOTES TO USERS

The map was produced through the Mississippi Flood Map Modernization Initiative, a partnership between the Federal Emergency Management Agency (FEMA), the State of Mississippi, and the Mississippi Department of Emergency Management. This initiative was designed to replace older flood maps for communities in Mississippi with up-to-date flood data.

The map reflects more detailed and up-to-date stream channel configurations. As a result, the Flood Profiles and Floodway Data tables in the Flood Insurance Study report are no longer valid. Users are encouraged to consult the Flood Profiles and Floodway Data tables contained within the Flood Insurance Study report for this community.

No deduction shall be made from the limits established on this map due to errors and omissions that may exist on the map. Use map at own risk. Users are encouraged to consult the Flood Profiles and Floodway Data tables contained within the Flood Insurance Study report for this community.

To obtain more detailed information in areas where flood elevations are not given on this map, please contact the Information Services Branch of the National Flood Insurance Program at 1-800-358-9616 for information on available product formats. Available products may include previously issued FIRM panels.

Other products associated with this FIRM. Available products may include previously issued FIRM panels. To determine if flood insurance is available in this community, contact your insurance agent or call the National Flood Insurance Program at 1-800-638-6620.
