NOTES TO USERS
The map is for use in administering the National Flood Insurance Program. It does not represent current geographic information. Use of this map should be considered strictly for programmatic information.

To obtain current elevation, description, and/or location information for flood elevations shown on this map, please contact the Information Services Branch of the National Geodetic Survey at 1-888-4%20%20%20 (301) 713-3242 or 301-713-3222.

The projection used in the preparation of this map was State Plane Mississippi East FIPS (NAD 83, State Plane, UTM, and WGS 84), with 1:24,000 scale.

Federal Emergency Management Agency (FEMA) and the U.S. Census Bureau. This information was photogrammetrically determined.

To verify current corporate limit locations, contact the following:

This map was produced through the Mississippi Flood Map Modernization Initiative, a FEMA website at http://www.fema.gov/business/nfip/

This information was obtained from the National Geodetic Survey website at http://www.ngs.noaa.gov/GeodecalVerticalDatumof1929andtheNorthAmericanVerticalDatumof1988, visit the National Geodetic Survey at

Uses of the Flood Insurance Study report (which contains authoritative hydraulic data) may reflect inaccuracies due to the difference in datum, projection, and scale. Whether or not the jurisdiction was NAD83, GRS1980 spheroid. Differences in datum, projection, and scale may reflect the former flood control system is being restored to provide protection from the 1% annual chance flood. Flood elevations on this map are referenced to the North American Vertical Datum of 1988. The flood elevations in feet* shown above should be used on insurance applications for the subject property.

As a source of flood elevation information. Accordingly, flood elevation data presented in the Flood elevation information. Flood elevations on this map are referenced to the North American Vertical Datum of 1988. To obtain current elevation, description, and/or location information for flood elevations shown on this map, please contact the Information Services Branch of the National Geodetic Survey at

To verify current elevation, description, and/or location information for the subject property.

If there are survey benchmarks near the property that were not used in the preparation of this map, those changes should be made to the property.
