NOTES TO USERS

The map is for use as an informational tool in floodplain management. It does not provide insurance rates nor does it define or control any legal, real estate, or insurance jurisdiction.

The National Flood Insurance Program (NFIP) and the Federal Emergency Management Agency (FEMA) reserve the right to change guidelines and criteria for use of this map. The map may be updated or replaced without notice. The accuracy of the Flood Insurance Rate Map (FIRM) data is considered good for most purposes when they are higher than the elevations shown on this FIRM.

The information on the map is derived from the U.S. Geological Survey (USGS) National Hydrography Dataset (NHD) and from the USGS National Elevation Dataset (NED). The accuracy of this information is subject to the quality of the database it was derived from. The information on the map may be used only in connection with flood insurance underwritten by the NFIP. The information may be used for no other purpose.
