NOTES TO USERS
This map is to be used as an accompaniment to the National Flood Insurance Program. It does not necessarily reflect the Flood Insurance Study report (which contains authoritative hydraulic data). It is not necessarily an accurate representation of the area subject to flooding.

User should be aware that the Federal Emergency Management Agency (FEMA) is responsible for computing and issuing the FIRM, and that FEMA does not determine the extent or limits of any floodplains or floodways shown on such a FIRM. The FIRM is intended to be used by the Federal Emergency Management Agency and the insurance industry to establish flood insurance rates.
